 **835 S / 835**

# Welcome to the EVOLUTION revolution

Thank you for buying this Sennheiser Evolution microphone. We wish you much satisfaction and enjoyment from its use.

Made from the highest quality materials and components, this has been manufactured to the same exacting standards that have become the hallmark of SENNHEISER products over the last fifty years and made them reference equipment for broadcast, studio and stage, the world over.

The family of ten Evolution mics shown opposite cover every vocal and instrument application and provide you with the most comprehensive range to select from, whatever your requirement.

## A new family of microphones for new standards of performance

- ⓔ Amazing SPL in excess of 150 dB on all models
- ⓔ Outstanding feedback rejection.
- ⓔ Advanced shock-mount design minimises handling noise.
- ⓔ Rugged road-proof construction.
- ⓔ Designed and made in Germany.

...and they sound great !

**Evolution**  
*The Microphone Series*

# 835 S/835

Quality vocal mic with performance and build characteristics never before available at this price.

Uniform frequency pick-up pattern maintains signal quality when moving on and off axis during performance. Gentle presence boost to even tonal response ensures clarity and projection. Minimal proximity effect provides consistently clear bass end performance when singing closer to or further from capsule.

Cardioid pick-up pattern provides good signal isolation and feedback rejection, enabling higher sound levels to be obtained. Metal construction and internal shock-mount system minimises handling noise. Lead vocal stage mic, designed to perform under pressure.

Also available without ON/OFF switch ( 835).

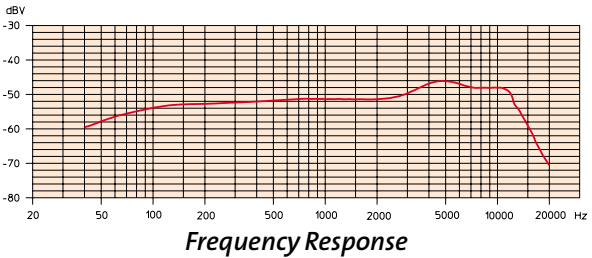

## Connection

## On/Off Switch

**Frequency response** 40Hz...16kHz

**Transducer principle** Pressure gradient receiver

**Pick-up pattern** Cardioid

**Front-to-back-rejection at 1kHz at 180°** >20dB

**Sensitivity (free field, no load) 1kHz**

2.7mV/Pa  $\equiv$  -51.4dB (odB=1V/Pa)

$\equiv$  -71.4dB (odB=1V/ $\mu$ bar)(USA)

**Nominal impedance at 1kHz** 350 $\Omega$

**Min. terminating impedance** 1k $\Omega$

**Sensitivity to magnetic field at 50Hz**

$\leq$ 1 $\mu$ V/ $\mu$ T

**Weight**

330g

**Dimensions**

$\varnothing$  48, l=180mm

**Delivered with pouch and mic clip**

## Product Registration Card

Ensure your:

- ✓ Warranty Confirmation
- ✓ Owner Verification
- ✓ Model Registration

## Protect Your Investment

Congratulations on your Sennheiser Audio equipment purchase. Your Sennheiser equipment is sure to provide years of listening enjoyment. To receive all the privileges your purchase entitles you to, please complete and mail your Product Registration Card today.

Please retain this portion for your records.

Model Number: \_\_\_\_\_ Serial Number: \_\_\_\_\_

Return the attached card within 10 days to ensure:

- ✓ Warranty Confirmation      Ensure your right to protection under the terms and conditions of our limited warranty.
- ✓ Owner Verification          Can serve as verification of ownership in the event of loss or theft.
- ✓ Model Registration          Ensure receipt of information and benefits due to owners of your model.

To register your product on-line or for up-to-date information on Sennheiser products visit our Web Site at [www.sennheiserusa.com](http://www.sennheiserusa.com)
